

## Control room analysis - How fit is your control station?

Are you interested in getting to know the potential for improvement of your control room and in making full use of your resources and possibilities? JST offers you free consultation and analysis for control room, control station, control center and control office.

- How do you rate the **room conditions**?
- Which **aspects of ergonomics** do these workplaces comply with?
- What technical **equipment do you** use at your workplace?
- How do you rate the **ease of use** ?
- .... **many** further points around your control room

**REQUEST ONLINE ANALYSIS**

### Free online analysis

**Let your employees and colleagues evaluate the actual state online now!**

You will receive an anonymous online questionnaire for this purpose. The resulting results are taken into account in the JST planning and further dialogues.

**We assess the most important ergonomic and technical framework conditions** according to the current guidelines of the Federal Institute for Occupational Safety and Health for VDU work in control rooms. But we

also attach great importance to the subjectively perceived well-being at work. In addition, we ask about the current technical situation and can derive valuable suggestions for improvement.

The evaluation takes place via a meaningful diagram and serves as the basis for optimizing your control room.

**Are you interested?** Then request your personal and free access code today! Please tick the box next to "Free potential analysis" in the contact form!

**ONLINE-ANALYSE REQUEST**

### **Occupational safety: What you need to consider when planning your control room.**
